AP092-QVFR EASY CLEAN-03-2019

Product Number: 92 QVFR Easy Clean Top Coat

Description:

QVFR Easy-Clean is a washable and highly durable acrylic top coat for coating over QVFR and ES/VFR. After application the painted surface can be washed or scrubbed. Matt and Satin finishes available.

Application:

All surfaces should be clean, dry and free from contamination.

QVFR Easy Clean is ready for use. Stir well before application. Can be applied using brush or roller. Result is dependent on the condition of the substrate and temperature of application. Apply one coat at 8-10m² per litre. If the surface attracts dirt after application, it can be easily washed clean. If two coats are applied at 8-10m² per litre per coat the surface can be scrubbed. Do not apply in temperatures below 10°C or in damp conditions. Touch dry in 1-2 hours. Recoatable after 4 hours.

After use and storage:

Remove as much paint as possible from application equipment before cleaning. Replace lid firmly. Clean equipment and any spills immediately after use with warm, soapy water and rinse thoroughly. Store at a minimum temperature of 5°C and a maximum of 35°C. Protect from frost. Do not allow containers to stand on the floor.
