

Product Number: 13a

ISPC 2 HOURS FIRE PROTECTION COLLARS

Description:

Envirograf® ISPC pipe collars offer up to two hours fire protection and can be quickly fixed to the risk side of a room, using the supplied fixing clips. ISPC can be used in both new and retrofit applications to protect UPVC pipes ranging in size from 45mm to 250mm. Installers can easily fit the Envirograf ISPC product, even in those difficult to reach areas with no need for special tools or equipment.
