

Product Number: 18

Intumescent Pipe Covers

Description:

Envirograf® Intumescent Pipe Covers are designed to protect pipes and cables in close proximity to a ceiling or wall, or where they penetrate at awkward angles and prevent use of a regular Envirograf® Wrap or Pipe Collar.

The Pipe Cover comes in two different styles a U shaped unit and also an H shaped unit are available for difficult corners.

The Pipe Cover is fairly simple to install they simply fit over the service and screwed in to place.
