

Product Number: 134 AVG Acoustic Ventilation Grille

Description:

AVG acoustic vent grille contains micro-acoustic material to reduce the passage of sound from one room to another. Available in a range of sizes and finishes.

Uses:

Suitable for use on partition walls and doors to offer ventilation with sound reduction.

Performance:

Maximum sound absorption at a minimal air-resistance (20 Pa) is achieved at an air speed no greater than 1.9m/s, calculated on the open passage of the grille, with measurements of the sound insulation according to world standard ISO 140-3 (1995)
